My response duty weeks are in the Outlook calendar:

7/25-31

I'm currently available:

Probably not a bad idea. I would suggest we give it a day or two to see how things progress. In the meantime I will continue to check within our group regarding availability for the weeks of July 11, 18 and beyond.

Could you send me your schedule – ie. what weeks you have response and what weeks you are not available. We can start there, and then fill in the blanks.

Thanks Tom. Suggest we consider back-up region support also?

Harry

Here is the OSC transition/staffing schedule that I have been able to piece together so far for the Fruitland Magnesium Fire response. It gets us through this week and next.

We will have to re-evaluate for the week of 7/11 and beyond – assuming the response continues that far.

I have sent this email to the group as well, so if other OSCs have availability for the weeks of 7/11 or 7/18, please let me know.
